HARVARD UNIVERSITY

Rachel Kyte is Chief Executive Officer of the Sustainable Energy for All (SE4All) and Special Representative of the UN Secretary-General for Sustainable Energy for All. Ms. Kyte drives SE4All's work to mobilize action towards its 2030 goals of ensuring universal access to modern energy services; doubling the global rate of improvement in energy efficiency; and doubling the share of renewable energy in the global energy mix. As Special Representative for the Secretary General she is the point person in the UN for action towards the recently agreed global goal on sustainable energy. Ms Kyte served until December 2015 as World Bank Group Vice President and Special Envoy for Climate Change, leading the Bank Group's efforts to campaign for an ambitious agreement at the 21st Convention of the Parties of the UNFCCC (COP 21). She was previously World Bank Vice President for Sustainable Development and was the International Finance Corporation Vice President for Business Advisory Services.
