SCIENCE & DEMOCRACY

LECTURE SERIES 2022

MARCIA MCNUTT

is a geophysicist and president of the National Academy of Sciences. From 2013 to 2016, she served as editor-in-chief of the Science family of journals. Prior to joining Science, she was director of the U.S. Geological Survey from 2009 to 2013. McNutt served as president of the American Geophysical Union from 2000 to 2002. McNutt began her career with the USGS, where she served as president and chief executive officer of the Monterey Bay Aquarium Research Institute in Moss Landing, California.

For her contributions, she was awarded the U.S. Coast Guard’s Meritorious Service Medal. Before joining the USGS, McNutt served as president and chief executive officer of the Monterey Bay Aquarium Research Institute. McNutt served as president of the American Geophysical Union from 2000 to 2002. McNutt was also chair of the Board of Governors for Joint Oceanographic Institutions, and is a fellow of AGU, the Geological Society of America, American Association for the Advancement of Science, and International Association of Geodesy.
